

B

Granit 2017

Viticulture and Vineyards

Vineyards settled on terraces in the Les Comes Plot, at 450 meters height and very exposed to the wind that comes from the Mediterranean sea. 100% decomposed granite soil, with very little water retention and abundant minerals. Organic viticulture. All works are done manually. Harvest happens in boxes of 10 kilos.

Winemaking

Pressed for 7 hours. Fermentation and breeding in 2.000 litres of capacity. Aged 9 months with the skin.

Blend

100% White Grenache.

Tasting

Very fine and complex nose full of aromas of white fruit and flowers. Wild herbs and clear minerality, a faithful reflection of the farm from where it comes from. Lovely, velvety mouth, with good acidity and mineral character. Very broad and deep taste.
