

## PEDRABONA 2019

Red Grenache / Carignan

The adventure in the **DOCa Priorat** begins in 2016 with the production of the **first** vintage of **Pedrabona**. It is the first wine of our range that belongs to this denomination.

Having explored the Montsant area for many years, we decided to start in the adjoining denomination because we saw that there were many possibilities.

Pedrabona is the first wine and will not be the last. Now that we have the new winery completely finished, we can talk about the new project come true.

We have recovered an old village house in **Gratallops** that had already been a winery for more than 200 years ago. On the main floor we have the production area, and in the basement, a beautiful ageing room with original stone walls.

The 2019 Pedrabona vintage is the first one we already produce in the **new winery-boutique**.

**Old vines** of **Garnacha Tinta** and **Cariñena**, all around Gratallops. Small plots, separated with the typical stone walls, most planted in gobelet system and on typical soils of **llicorella**, the slate of Priorat. It really is an idyllic landscape and from which we can only get quality grapes with great potential.

All work in the vineyard is **manual** and we do not use any chemical-synthetic product. Following the principles of **organic** and **biodynamic** viticulture we guarantee the biodiversity and sustainability of the vineyard and the **essence of its origin**.

**Fine, complex and with a traditional character.**

Garnacha Tinta and Cariñena in equal parts, ferment and age about 14 months in an Austrian oak big foudre.

Forest fruit, dried leaves, cedar and some notes of graphite. Lightness and complexity at the same time.
